### CTC Polisher

**Low Volume Benchtop Fiber Polisher**

CTC can be used at the benchtop or in the field. The simple layout of the unit makes it easy to use. The process is simple to learn and repeatable.

CTC is the most reliable and most productive unit that can be used for SC, APC, and flat polishing.

CTC offers the unique "Flat Polishing System" that is used to polish ends of ULTRA TEC equipment. This "System" allows for easy height and pressure control that is needed for different kinds and types of connectors.

**Ready to Go**

The standard package for the unit includes all the items you need for polishing – just add the connector or related holder you need.

**Product Highlights**

- Benchtop unit
- Bring already-mated connectors up to current industry requirements
- Low to medium volume polishing of connectors, terminated cables
- Cost-effective polishing
- Best use of 2 mil fiber and the machine makes it extremely productive

**Machine**

Order Code	Item
8802.4	CTC polisher, includes: polishing unit, 5 inch polishing platen and 12 V transformer
4090.1	2" surface surface platen (SC polished)
4094.1	2" hard surface platen (flat polished)

### FTTX Portable Fiber Polisher

Developed for "field" and "benchtop" applications, the FTTX portable connector holder or connector polisher from ULTRA TEC provides the performance required by professional technicians for the FTTX, LAN, CATV, and broadband applications.

Industry standard polishes are readily achieved due to a robust design and system built along with using the latest technology.

The polisher can be held at any desired angle during operation. This allows for true portable operation in small workspaces, cross connects, fiber ends and wire fibers. The unit can be operated with either a battery pack or a power supply (both included with standard package).

**Product Highlights**

- Benchtop unit
- Bring already-mated connectors up to current industry requirements
- Use anywhere – true portable machine, with battery power
- Benchtop stand converts polisher for small production use in the factory

**Machine**

Order Code	Item
9005.4	FTTX portable polisher, includes: polishing unit, benchtop stand, 5 inch polishing platen, 12 V transformer, battery pack, charger and carrying case
4090.1	2" incline surface platen (SC polished)
4094.1	2" hard surface platen (flat polished)

## CTC Polisher

### Low Volume Bench-top Fiber Polisher

CTC can be used at the bench-top or in the field. The simple logistics of the unit make it extremely user-friendly. No previous experience is needed to operate the unit.

CTC is a low to medium volume production unit that can be used for PC, APC, and Flat polishing.

CTC utilizes the unique 'Fiber Positioning System' that is shared by other models of ULTRA TEC equipment. This 'System' allows for easy height and pressure control that is needed for different brands and types of connectors.

### Ready to Go

The standard package for the unit incorporates all the items you need for polishing – just add the connector or related holders you need.

### Product Highlights

- Retro-polishing –  
Bring already-installed connectors up to current industry requirements
- Low to medium volume polishing of connectors, termini and contacts.
- Cost-effective polishing –  
The use of 2 inch films on the machine make it extremely cost-effective

### Machine

Order Code	Item
8802.4	CTC polisher, includes: polishing unit, 5 resilient polishing platens and 12 V transformer
4093.1	2" resilient surface platen (PC polishes)
4094.1	2" hard surface platen (flat polishes)

## FTTx Portable Fiber Polisher

Developed for 'In-the-field' and 'Retro-Polishing' applications, the FTTx portable connector/termini/contact polisher from ULTRA TEC provides the performance required by installation professionals for the FTTx, LAN, CATV, and Aircraft/shipboard applications.

Industry-standard polishes are readily achieved due to a robust design and system build along with using the latest techniques.

The polisher can be held at any desired angle during operation. This allows for true portable operation in small workspaces, cross-connects, fiber nodes and wire closets. The unit can be operated with either a battery pack or a power supply (both included with standard package).

### Product Highlights

- Retro-polishing – bring already-installed connectors up to current industry requirements
- Use anywhere – true portable machine, with battery power
- Bench-top stand – converts polisher for small production use in the factory

### Machine

Order Code	Item
9005.4	FTTx portable polisher, includes: polishing unit, bench-top stand, 5 resilient polishing platens, 12 V transformer, battery pack, charger and carrying case
